IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

AUTHORISED INVESTMENT MANAGER'S REPORT

for the year ended 31 March 2024

Performance to 31 March 2024

	<u>Six months</u>	<u>1 year</u>	<u>3 years</u>	<u>5 years</u>
IFSL Church House UK Equity Growth Fund	11.34%	8.44%	9.81%	19.17%
IA UK All Companies sector	7.52%	7.63%	11.06%	23.69%

External Source of Economic Data: Morningstar (A Income - quoted price to quoted price, net income reinvested).

The performance figures above are based on quoted prices and will, therefore, differ from the performance in the Comparative Table.

Capital at risk. Past performance is not a reliable indicator of future performance; the value of your investment and any income from it can go down as well as up. Performance returns are based on the net asset value with distributable income reinvested and take account of all ongoing charges, but not entry charges (if applicable). The past performance of this unit class is calculated in sterling.

Investment commentary

Performance statement

Over the year to 31 March 2024, the Fund delivered positive performance, with the A Income units returning 8.44% compared to 7.63% for the Investment Association (IA) UK All Companies sector .

Whilst the Fund does not have a specific benchmark, you may want to consider its performance against this IA sector.

Market review

The portfolio moved steadily onwards despite sterling strength, softening inflation data and hesitant commentary from the Bank of England (BoE), showing that the underlying businesses are getting on with it. After a wobbly start to the year, London stocks picked-up in the first quarter of 2024 to show a positive return for the larger companies. As with so much of last year, smaller companies underperformed, leaving the AIM Index notably behind the large cap UK indices.

Corporate earnings forecasts for the year ahead have increased a shade but dividend forecasts have come down, which serves to improve the dividend cover (company earnings as a multiple of the dividend paid out to shareholders). With the earnings yield* still over 9%, UK shares look inexpensive in an international context, though our market is not replete with 'growth' companies, so a lower overall rating is to be expected.

Fund performance review

Long-term holdings in the portfolio, Halma and Diploma, both announced impressive results and new acquisitions. Halma released a strong trading statement and announced the €85m acquisition of Rovers Medical Devices. Rovers designs and manufactures sample collection devices used in the prevention and diagnostics of cervical cancer and achieves a margin over 40%. Halma shares remain well below their historic high and look good value to us at these levels. Diploma surged 15% during March 2024 on the back of their purchase of Peerless Aerospace Fastener, a market-leading distributor of bolts, washers, and rivets for the airline industry. The acquisition will give Diploma more capability in airframe construction and work in tandem with their strong aircraft cabin business.

Our top holding, RELX, deserves particular mention. At our recent meeting with RELX management we were pleased to hear that their Exhibitions business revenues had finally surpassed pre-pandemic numbers and the implementation of Artificial Intelligence (AI) in their data and analytics businesses is starting to become game-changing. Their interpretation and extrapolation of their billions of documents of data in the medical and legal space is proving to be a huge market opportunity for them. Our first real world example of the outstanding benefits of AI in the non-tech space.

Top 15 holdings

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

AUTHORISED INVESTMENT MANAGER'S REPORT

for the year ended 31 March 2024

Investment commentary (continued)

Portfolio activity

In January, Diageo, the Johnnie Walker and Guinness maker, reported an 11% drop in operating profits over the half-year to December 2023. Net sales also fell, defying analysts' expectations they would remain flat. We took this opportunity to add to the holding which had been disproportionately hit. Their peer, Remy Cointreau, pointed to improving momentum since as did other executives in the spirits sector.

JD Sports Fashion also received a kicking over the year, after warning that mild weather and heavy discounting had hit pre-Christmas trade. The stock fell by 20% in January 2024, and we added to this holding too, having faith in the resilience of the company, its management and loyal customer base. JD have since reported further trading results, indicating a more positive statement, reiterating guidance and a busy sporting summer ahead with the Euros in Germany and the Paris Olympics.

We funded these top-ups with the proceeds from Dechra Pharmaceuticals whose takeover finally completed. We also sold some of our holdings in Microsoft and InterContinental Hotel Group who have both performed strongly over the past year.

Investment outlook

After the mildest of recessions, the UK economy appears to have returned to a gentle growth path. Assuming we are correct that the inflation figures will show a noticeable turn for the better over the next few months and the BoE does make a start at reducing the base rate, we should see something of a tail wind to this improvement. Of course, there does remain a residual risk that the BoE waits too long before making a move.

At their most recent meeting, the BoE's Monetary Policy Committee maintained the base rate at 5.25%, as expected, but the votes of the members are now much more in balance with eight voting to hold and one to cut rates.

Jeremy Hunt's budget passed by without ruffling any feathers in the markets or the opinion polls. His room for manoeuvre was severely limited and there was no serious prospect of a 'dash for growth'.

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

AUTHORISED STATUS

IFSL Church House UK Equity Growth Fund (the Fund) is an authorised unit trust scheme within the meaning of the Financial Services and Markets Act 2000 and is a UCITS scheme operating under the Collective Investment Schemes Sourcebook (COLL) as issued by the Financial Conduct Authority.

GENERAL INFORMATION

Investment objective

The investment objective of the Fund is to provide capital growth, which is profit on an investment, over the long term (at least five years).

Investment policy

The Fund is actively managed, which means the Investment Manager decides which investments to buy or sell and when.

At least 80% of the Fund will be invested in shares, also known as equities, of UK companies (those listed, incorporated or domiciled in the UK).

At least 80% of the Fund will be invested in the shares of large companies, either in the UK or overseas. The Investment Manager defines large companies as those with a minimum market capitalisation (the market value of a company's shares) of at least £1bn at the time of initial purchase.

Up to 20% of the Fund may be invested in other assets, including the shares of companies with a smaller capitalisation, the shares of overseas companies, bonds (which are loans typically issued by companies and governments), other funds and money market instruments (which are short-term loans).

Up to 10% of the Fund may be invested in units/shares in other funds (which could include other funds managed by the Authorised Corporate Director, the Investment Manager or one of their associates).

The Fund may hold up to 20% in cash to enable the ready settlement of liabilities, for the efficient management of the portfolio or in pursuit of the Fund's investment objective.

The Fund does not invest in derivatives.

Assessing performance

The Investment Association (IA), the trade body for UK investment managers, has created a number of 'sectors', as a way of dividing funds into broad groups with similar characteristics.

The Fund's investment policy puts it in the IA UK All Companies sector. The Fund is not managed to a benchmark, however you may want to assess the Fund's performance compared to the performance of this sector.

Rights and terms attaching to each unit class

A unit of each class represents a proportional entitlement to the assets of the Fund. The allocation of income and taxation and the rights of each unit in the event the Fund is wound up are on the same proportional basis.

Assessment of value

The AFM is required to carry out an assessment of value at least annually and publish its findings in a report to investors. The Fund is assessed and reported on, in a composite report which the AFM publishes on the website www.ifslfunds.com. The next report is expected to be published by 31 December 2024.

Task force on climate-related financial disclosures

A statement of the climate-related financial disclosures is published on the website <https://www.ifslfunds.com/tcfd-reporting>.

Changes in prospectus

There have been no significant changes since the last annual report.

Up to date Key Investor Information Documents, Prospectus and Long Reports and Financial Statements for any fund within the AFM's range, can be requested by the investor at any time.

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

GENERAL INFORMATION

Remuneration policy

In line with the requirements of UCITS V, Investment Fund Services Limited (the AFM) is subject to a remuneration policy which is consistent with the principles outlined in the European Securities and Markets Authority guidelines on sound remuneration policies under UCITS V. The remuneration policies are designed to ensure that any relevant conflicts of interest can be managed appropriately at all times and that the remuneration of its senior staff is in line with the risk policies and objectives of the UCITS funds it manages.

The quantitative remuneration disclosures as at 30 September 2023 (the AFM's year end) are set out below:

	Number of identified staff	Total remuneration paid	Fixed remuneration paid	Variable remuneration paid
		£	£	£
Remuneration paid to staff of the AFM who have a material impact on the risk profile of the Fund				
Senior management	8	908,018	768,628	139,390
Risk takers and other identified staff	4	411,040	375,277	35,763
Allocation of total remuneration of the employees of the AFM to the Fund				
Senior management	0.20	22,638	19,163	3,475
Risk takers and other identified staff	0.10	10,248	9,356	892

The total number of staff employed by the AFM's group was 238 as at 30 September 2023. The total remuneration paid to those staff was £12,464,744, of which £4,346,942 is attributable to the AFM.

The allocation of remuneration to the Fund is based on Assets Under Management (AUM) and the figures disclosed only include remuneration paid to individuals directly employed by the AFM's group. The way these disclosures are calculated may change in the future.

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

DIRECTORS' STATEMENT

This report has been prepared in accordance with the requirements of the Collective Investment Schemes Sourcebook as issued and amended by the Financial Conduct Authority.

Allan Hamer
Director

Helen Redmond
Director

Investment Fund Services Limited
29 July 2024

STATEMENT OF AUTHORISED FUND MANAGER'S RESPONSIBILITIES

The Financial Conduct Authority's Collective Investment Schemes Sourcebook (COLL) requires the Authorised Fund Manager (AFM) to prepare financial statements for each accounting year which give a true and fair view of the financial position of the Fund and of the net revenue and net capital gains on the scheme property of the Fund for the year.

In preparing those financial statements the AFM is required to:

- comply with the disclosure requirements of the Statement of Recommended Practice relating to UK Authorised Funds issued in May 2014 and amended in June 2017;
- follow United Kingdom Generally Accepted Accounting Practice and applicable accounting standards;
- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Fund will continue in operation.

The AFM is required to keep proper accounting records and to manage the Fund in accordance with the COLL rules, the Trust Deed and the Prospectus. The AFM is responsible for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The AFM is responsible for ensuring that, to the best of its knowledge and belief, there is no relevant audit information of which the auditor is unaware. It is the responsibility of the AFM to take all necessary steps to familiarise itself with any relevant audit information and to establish that the auditor is aware of that information.

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

STATEMENT OF THE TRUSTEE'S RESPONSIBILITIES AND REPORT OF THE TRUSTEE

Statement of the Trustee's Responsibilities and Report of the Trustee to the Unitholders of IFSL Church House Balanced Equity Income Fund ("the Scheme") for the Period Ended 31 March 2024.

The Trustee must ensure that the Scheme is managed in accordance with the Financial Conduct Authority's Collective Investment Schemes Sourcebook, the Financial Services and Markets Act 2000, as amended, (together "the Regulations"), the Trust Deed and Prospectus (together "the Scheme documents") as detailed below.

The Trustee must in the context of its role act honestly, fairly, professionally, independently and in the interests of the Scheme and its investors.

The Trustee is responsible for the safekeeping of all custodial assets and maintaining a record of all other assets of the Scheme in accordance with the Regulations.

The Trustee must ensure that:

- the Scheme's cash flows are properly monitored and that cash of the Scheme is booked into the cash accounts in accordance with the Regulations;
- the sale, issue, redemption and cancellation of units are carried out in accordance with the Regulations;
- the value of units in the Scheme is calculated in accordance with the Regulations;
- any consideration relating to transactions in the Scheme's assets is remitted to the Scheme within the usual time
- the Scheme's income is applied in accordance with the Regulations; and
- the instructions of the Authorised Fund Manager ("the AFM") are carried out (unless they conflict with the Regulations).

The Trustee also has a duty to take reasonable care to ensure that the Scheme is managed in accordance with the Regulations and the Scheme documents in relation to the investment and borrowing powers applicable to the Scheme.

Having carried out such procedures as we consider necessary to discharge our responsibilities as Trustee of the Scheme, it is our opinion, based on the information available to us and the explanations provided, that in all material respects the Scheme, acting through the AFM:

(i) has carried out the issue, sale, redemption and cancellation, and calculation of the price of the Scheme's units and the application of the Schemes income in accordance with the Regulations and the Scheme documents, and

(ii) has observed the investment and borrowing powers and restrictions applicable to the Scheme.

NatWest Trustee & Depositary Services Limited
29 July 2024

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

Opinion

We have audited the financial statements of IFSL Church House UK Equity Growth Fund ("the Fund") for the year ended 31 March 2024, which comprise the Statement of Total Return, the Statement of Change in Net Assets Attributable to Unitholders, the Balance Sheet, the related notes and the Distribution Tables, and the accounting policies of the Fund, which include a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 'The Financial Reporting Standard applicable to the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the financial position of the Fund as at 31 March 2024 and of the net revenue and net capital gains on the scheme property of the Fund for the year then ended; and
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the Fund in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the "FRC") Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Authorised Fund Manager's ("the AFM") use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Fund's ability to continue as a going concern for a period of at least 12 months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the AFM with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Fund's ability to continue as a going concern.

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. The AFM is responsible for the other information contained within the Annual Report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

Opinions on other matters prescribed by the rules of the Collective Investment Schemes Sourcebook of the Financial Conduct Authority ("the FCA")

In our opinion:

- the financial statements have been properly prepared in accordance with the Statement of Recommended Practice relating to Authorised Funds, the rules of the Collective Investment Schemes Sourcebook of the FCA and the Trust Deed;
- there is nothing to indicate that adequate accounting records have not been kept or that the financial statements are not in agreement with those records; and
- the information given in the AFM's report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matter in relation to which the Collective Investment Schemes Sourcebook of the FCA requires us to report to you if, in our opinion:

- we have not received all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

Responsibilities of the AFM

As explained more fully in the Statement of Authorised Fund Manager's responsibilities statement set out on page 6, the AFM is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the AFM determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the AFM is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the AFM either intends to wind up or terminate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the Fund and determined that the most significant are United Kingdom Generally Accepted Accounting Practice (UK GAAP) including FRS 102, the Investment Management Association's Statement of Recommended Practice (IA SORP), the FCA Collective Investment Schemes Sourcebook, the Fund's Trust Deed and the Prospectus.
- We understood how the Fund is complying with those frameworks through discussions with the AFM and the Fund's administrators and a review of the Fund's documented policies and procedures.
- We assessed the susceptibility of the Fund's financial statements to material misstatement, including how fraud might occur by considering the risk of management override, specifically management's propensity to influence revenue and amounts available for distribution. We identified a fraud risk in relation to incomplete or inaccurate revenue recognition through incorrect classification of special dividends and the resulting impact to amounts available for distribution. We tested the appropriateness of management's classification of a sample of special dividends as either a capital or revenue return.
- Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved review of the reporting to the AFM with respect to the application of the documented policies and procedures and review of the financial statements to test compliance with the reporting requirements of the Fund.
- Due to the regulated nature of the Fund, the Statutory Auditor considered the experience and expertise of the engagement team to ensure that the team had the appropriate competence and capabilities to identify non-compliance with the applicable laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Fund's unitholders, as a body, pursuant to Paragraph 4.5.12 of the rules of the Collective Investment Schemes Sourcebook of the FCA. Our audit work has been undertaken so that we might state to the Fund's unitholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Fund and the Fund's unitholders as a body, for our audit work, for this report, or for the opinions we have formed.

Ernst & Young LLP
Statutory Auditor

^A The return after charges is calculated using the underlying investments bid prices.

^B On 30 November 2023, The Investment Association amended the disclosure of fund charges and costs originally issued on the 2 July 2020. Consequently, we have excluded, where relevant, charges incurred by closed-ended vehicles such as investment trusts.

Operating charges are normally the same as the Ongoing Charges Figures (OCFs) and are the total expenses paid by each unit class in the year. Where it is considered unsuitable to use the total expenses paid by each unit class in the year to calculate the OCF because of material changes to the Fund's charges an estimate will be calculated instead. The OCFs disclosed in the Key Investor Information Document (KIID) (available on IFSL's website, www.ifslfunds.com) give an estimate of future costs.

Direct transaction costs are the total charges for the year, included in the purchase and sale of investments in the portfolio of the Fund. These amounts are expressed as a percentage of the average net asset value over the year and the average units in issue for the pence per unit figures.

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

SYNTHETIC RISK AND REWARD INDICATOR (all unit classes)

This indicator aims to give you a measure of the price movement of the Fund based on past data. It uses historic returns over the last five years. If five years' data is not available, simulated data based on a representative portfolio are used.

The Fund has been measured as 6 because its investments have experienced high volatility in the past. During the year the synthetic risk and reward indicator has remained unchanged.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 March 2024

1 ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared in compliance with UK Financial Reporting Standard 102 ("FRS 102") and in accordance with the Statement of Recommended Practice ("SORP") for Authorised Funds issued by the Investment Association in May 2014 and amended in June 2017.

The financial statements are prepared in sterling, which is the functional currency of the Fund. Monetary amounts in these financial statements are rounded to the nearest pound.

The financial statements have been prepared on the historical cost convention, modified to include the revaluation of investments and certain financial instruments at fair value.

There are no material events that have been identified that may cast significant doubt about the Fund's ability to continue as a going concern for at least the next twelve months from the date these financial statements are authorised for issue. The Authorised Fund Manager (AFM) believes that the Fund has adequate resources to continue in operational existence for the foreseeable future and they continue to adopt the going concern basis in preparing the financial statements.

Revenue

Dividends from quoted ordinary securities are recognised when the security is quoted ex-dividend.

Dividends from non-quoted securities are recognised when the right to receive payment is established.

Bank interest is accounted for on an accruals basis.

Allocation of revenue

Revenue, attributable after expenses to multiple unit classes, with the exception of the AFM's periodic charge, which is directly attributable to individual unit classes, is allocated to unit classes pro-rata to the value of the net assets of the relevant unit class on the day that the revenue is incurred.

Expenses

All expenses, other than those relating to purchase and sale of investments, are charged against revenue on an accruals basis.

Distributions from Collective Investment Schemes

Distributions received from investments in collective investment schemes may include an element of equalisation which represents the average amount of revenue included in the price paid for the shares. Equalisation is treated as a return of capital for taxation purposes and does not carry a tax credit.

Valuation

The valuation point was 12:00 on 28 March 2024 being the last valuation point of the accounting year.

Listed investments are valued at fair value which is the bid price.

Investments in collective investment schemes have been valued at cancellation price for dual-priced funds or the single price for single priced funds, using the latest available published prices at the period end.

Taxation

Corporation tax has been provided for at 20% on taxable income less expenses. Deferred taxation is provided on a full provision basis on timing differences arising from the different treatment of items for accounting and tax purposes. Potential future liabilities and assets are recognised where the transactions, or events giving rise to them, occurred before the balance sheet date.

Exchange rates

Assets and liabilities denominated in foreign currencies are translated into sterling at the exchange rates prevailing at 12:00 on 28 March 2024 being the last valuation point of the accounting year. Revenue and expenditure transactions are translated at the rates of exchange ruling on the dates of the transactions. Exchange differences on such transactions follow the same treatment as the principal amounts.

2 DISTRIBUTION POLICIES

The distribution policy of the Fund is to distribute or accumulate all available revenue, after deduction of expenses properly chargeable against revenue. Gains and losses on non-derivative instruments and currencies, whether realised or unrealised, are taken to capital and are not available for distribution. Revenue recognised from holdings in accumulation shares in collective investment schemes is included in the amount available for distribution.

During the year, the Fund was less than 60% invested in qualifying investments (as defined by SI 2006/964, Reg. 20) and therefore qualified as an equity fund. The Fund paid dividend distributions.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 March 2024

DISTRIBUTION POLICIES (continued)

Equalisation

Equalisation applies only to units purchased during the distribution period. It is the average amount of income included in the purchase price of all group 2 units and is refunded to holders of these units as a return of capital. Being capital it is not liable to UK income tax but must be deducted from the cost of the units for UK capital gains tax purposes.

Stock and special dividends

The ordinary element of stock received in lieu of cash dividends is credited to capital in the first instance followed by a transfer to revenue of the cash equivalent being offered and this forms part of the distributable revenue of the Fund. In the case of an enhanced stock dividend, the value of the enhancement is treated as capital and does not form part of any distribution.

Special dividends are reviewed on a case by case basis in determining whether the dividend is to be treated as revenue or capital. Amounts recognised as revenue will form part of the distributable revenue of the Fund. Amounts recognised as capital are deducted from the cost of the investment. The tax accounting treatment follows the treatment of the principal amount.

3 RISK MANAGEMENT POLICIES

In pursuing its investment objective, the Fund holds a number of financial instruments. The Fund's financial instruments comprise securities held in accordance with the investment objectives and policies together with cash balances, debtors and creditors that arise directly from its operations, for example, in respect of sales and purchases awaiting settlement, amounts receivable for issues and payable for redemptions and debtors for accrued income.

The main risks arising from the Fund's financial instruments and the AFM's policies for managing these risks are summarised below. These policies have been applied throughout the year.

The Fund is managed according to COLL 5, 'Investment and Borrowing Powers' which helps achieve the statutory objective of protecting consumers by laying down the minimum standards for the investments that may be held by an authorised fund. In particular: (a) the proportion of transferable securities and derivatives that may be held by the authorised fund is restricted if those transferable securities and derivatives are not listed on an eligible market. The intention of this is to restrict the transferable securities and derivatives that cannot be accurately valued and readily disposed of; and (b) the authorised funds are required to comply with a number of investment rules that require the spreading of risk.

Market price risk

Market price risk is the risk that the value of the Fund's investment holdings will fluctuate as a result of changes in market prices caused by factors other than interest rate or foreign currency movement. Market price risk arises mainly from uncertainty about future prices of financial instruments the Fund holds. It represents the potential loss the Fund might suffer through holding market positions in the face of price movements. The Fund's investment portfolio is exposed to market price fluctuations which are monitored by the AFM in pursuance of the investment objective and policy as set out in the Prospectus.

Investment limits set out in the Trust Deed, Prospectus and in the rules contained in the Collective Investment Schemes Sourcebook mitigate the risk of excessive exposure to any particular security or issuer.

Foreign currency risk

The income and capital value of the Fund's investments can be affected by foreign currency translation movements as some of the Fund's assets and income may be denominated in currencies other than sterling which is the Fund's functional currency.

The AFM has identified three principal areas where foreign currency risk could impact the Fund. These are, movements in exchange rates affecting the value of investments, short-term timing differences such as exposure to exchange rate movements during the period between when an investment purchase or sale is entered into and the date when settlement of the investment occurs, and finally movements in exchange rates affecting income received by the Fund. The Fund converts all receipts of income received in currency into sterling on the day of receipt.

Credit and counterparty risk

Certain transactions in securities that the Fund enters into expose it to the risk that the counterparty will not deliver the investment for a purchase, or cash for a sale after the Fund has fulfilled its responsibilities. The Fund only buys and sells investments through brokers which have been approved by the AFM as an acceptable counterparty.

Interest rate risk

Interest receivable on bank deposits or payable on bank overdraft positions will be affected by fluctuations in interest rates. The Fund's cash holdings are held in deposit accounts, whose rates are determined by the banks concerned on a daily basis.

Liquidity risk

The Fund's assets comprise mainly of readily realisable securities. The main liability of the Fund is the redemption of any units that investors wish to sell. Assets of the Fund may need to be sold if insufficient cash is available to finance such redemptions. The liquidity of the Fund's assets is regularly reviewed by the AFM.

8 TAXATION

	31 March 2024	31 March 2023
	£	£
a Analysis of the tax charge for the year		
Overseas tax	24,092	20,205
Total tax charge for the year (see note 8(b))	<u><u>24,092</u></u>	<u><u>20,205</u></u>
b Factors affecting the tax charge for the year		
The taxation assessed for the year is lower than the standard rate of corporation tax in the UK for a unit trust (20%). The differences are explained below.		
Net revenue before taxation	448,667	500,472
UK corporation tax at 20% (2023: 20%)	89,733	100,094
Tax effects of:		
Revenue not subject to taxation	(302,465)	(318,650)
Unrelieved excess management expenses	212,732	218,556
Overseas tax	24,092	20,205
Total tax charge for the year (see note 8(a))	<u><u>24,092</u></u>	<u><u>20,205</u></u>
c At 31 March 2024 the Fund has deferred tax assets of £3,095,772 (2023: £2,883,040) arising from surplus management expenses, which have not been recognised due to uncertainty over the availability of future taxable profits.		

9 DISTRIBUTIONS

	31 March 2024	31 March 2023
	£	£
The distributions take account of revenue received on the issue of units and revenue deducted on the cancellation of units, and comprise:		
Interim	321,475	237,868
Final	102,187	248,857
Deduct: Amounts received on issue of units	(5,221)	(10,513)
Add: Amounts deducted on cancellation of units	12,572	6,647
Equalisation on conversions	(11)	(53)
Revenue brought forward	(18)	(2,539)
Distributions	<u><u>430,984</u></u>	<u><u>480,267</u></u>
Net revenue after taxation	424,575	480,267
Undistributed revenue brought forward	-	215
Shortfall in the period	6,409	-
Prior year undistributed revenue	-	(215)
	<u><u>430,984</u></u>	<u><u>480,267</u></u>

12 RELATED PARTIES

The AFM is involved in all transactions in the units of the Fund, the aggregate values of which are set out in the statement of change in net assets attributable to unitholders and note 9. Amounts due from/to the AFM in respect of unit transactions at the year end are disclosed in notes 10 and 11, respectively. Amounts paid to the AFM in respect of the AFM's periodic charge and registration fees are disclosed in note 7. Amounts due to the AFM at the year end are £285,188 (2023: £194,563).

13 UNIT CLASSES

The unit classes in issue for the Fund and the annual management charge for each unit class is as follows:

A Income / Accumulation	1.50%
B Income / Accumulation	0.875%
Z Income / Accumulation	0.60%

14 UNITHOLDERS' FUNDS RECONCILIATION

During the year the AFM has issued, cancelled and converted units from one unit class to another as set out below:

	A Income	A Accumulation	B Income
Opening units in issue at 1 April 2023	26,918,116	2,056,677	7,510,801
Unit issues	985,410	155,377	586,156
Unit cancellations	(1,913,337)	(241,527)	(248,181)
Unit conversions	(121,154)	16,580	126,646
Closing units in issue at 31 March 2024	<u>25,869,035</u>	<u>1,987,107</u>	<u>7,975,422</u>

	B Accumulation	Z Income	Z Accumulation
Opening units in issue at 1 April 2023	4,572,431	1,947,244	2,511,473
Unit issues	571,279	6,081	115,345
Unit cancellations	(403,220)	(271,394)	(1,843,632)
Unit conversions	(20,585)	-	-
Closing units in issue at 31 March 2024	<u>4,719,905</u>	<u>1,681,931</u>	<u>783,186</u>

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 March 2024

15 RISK DISCLOSURES

Market price risk sensitivity

A five per cent increase in the market prices of the Fund's portfolio would have the effect of increasing the return and net assets by £4,513,795 (2023: £4,539,634). A five per cent decrease would have an equal and opposite effect.

Foreign currency risk

At the year end date a portion of the net assets of the Fund were denominated in currencies other than sterling with the effect that the balance sheet and total return can be affected by exchange rate movements.

Foreign currency exposure at 31 March 2024

	Investments £	Net other assets £	Total £
Euro	1,874,511	17,374	1,891,885
Swedish krona	2,984,260	-	2,984,260
Swiss franc	1,999,098	16,809	2,015,907
US dollar	7,721,154	84,167	7,805,321
	<u>14,579,023</u>	<u>118,350</u>	<u>14,697,373</u>

Foreign currency exposure at 31 March 2023

	Investments £	Net other assets £	Total £
Danish krone	-	6,301	6,301
Euro	3,245,930	9,868	3,255,798
Swedish krona	2,403,779	-	2,403,779
Swiss franc	2,296,547	24,892	2,321,439
US dollar	5,740,707	4,371	5,745,078
	<u>13,686,963</u>	<u>45,432</u>	<u>13,732,395</u>

Foreign currency risk sensitivity

A five per cent decrease in the value of sterling relative to the foreign currencies above would have the effect of increasing the return and net assets by £734,869 (2023: £686,620). A five per cent increase would have an equal and opposite effect.

Interest rate risk

31 March 2024

31 March 2023

£

£

The interest rate risk profile of financial assets and liabilities consists of the following:

Financial assets floating rate ^A	2,378,367	345,576
Financial assets non-interest bearing instruments	90,575,603	91,413,046
Financial liabilities floating rate	(24,808)	-
Financial liabilities non-interest bearing instruments	(429,631)	(711,162)
	<u>92,499,531</u>	<u>91,047,460</u>

^A Floating rate assets and liabilities comprise bank balances and overdrafts, whose rates are determined by reference to SONIA or an international equivalent borrowing rate. Interest on investments is variable based on the distribution received from underlying investments.

As most of the Fund's financial assets are non-interest bearing, an interest rate sensitivity analysis has not been included.

Liquidity risk

31 March 2024

31 March 2023

£

The following table provides a maturity analysis of the Fund's financial liabilities:

Within one year:	Bank overdrafts	24,808	-
	Distribution payable on income units	59,766	157,980
	Other creditors	369,865	553,182
		<u>454,439</u>	<u>711,162</u>

IFSL CHURCH HOUSE UK EQUITY GROWTH FUND

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 March 2024

16 FAIR VALUE HIERARCHY FOR INVESTMENTS

Basis of valuation	31 March 2024		31 March 2023	
	Assets (£)	Liabilities (£)	Assets (£)	Liabilities (£)
Level 1 - Quoted prices	88,770,179	-	89,489,284	-
Level 2 - Observable market data	1,505,725	-	1,303,400	-
Level 3 - Unobservable data	-	-	-	-
	<u>90,275,904</u>	<u>-</u>	<u>90,792,684</u>	<u>-</u>

The intention of a fair value measurement is to estimate the price at which an asset or liability could be exchanged in the market conditions prevailing at the measurement date. The measurement assumes the exchange is an orderly transaction (that is, it is not a forced transaction, involuntary liquidation or distress sale) between knowledgeable, willing participants on an independent basis.

The purpose of the fair value hierarchy is to prioritise the inputs that should be used to measure the fair value of assets and liabilities. The highest priority is given to quoted prices at which a transaction can be entered into and the lowest priority to unobservable inputs.

In accordance with FRS102 the Fund classifies fair value measurement under the following levels:

Level 1 - Unadjusted quoted price in an active market for an identical instrument;

Level 2 - Valuation techniques using observable inputs other than quoted prices within level 1; and

Level 3 - Valuation techniques using unobservable inputs.

17 POST BALANCE SHEET EVENTS

Since 28 March 2024, the Net Asset Value per unit has changed as follows:

	Net Asset Value (pence per unit)		
	28 March 2024 ^A	23 July 2024	Movement (%)
A Income	204.60	210.60	2.93%
A Accumulation	250.50	257.90	2.95%
B Income	207.20	213.10	2.85%
B Accumulation	266.60	274.90	3.11%
Z Income	209.50	215.30	2.77%
Z Accumulation	269.10	277.80	3.23%

^A These Net Asset Values differ from those in the Comparative Table as they are the quoted Net Asset Values.
